Discussion/ Action Items

<i>Agenda Item/Discussion</i>	<i>Minutes:</i>
-------------------------------	-----------------

<p>Welcome and Introductions (Jalu Xiong & All)</p>	<p>Jalu reports that representatives from CPS on the SIP Outcome Area S2 workgroup will be changing.</p>
<p>Review & Approve 3/25/2019 & 6/7/2019 Meeting Minutes (Stephanie Biegler and All)</p>	<p>Minutes approved with changes.</p>
<p>Data- Qualitative Case Review (Stephanie Linka & Jalu Xiong)</p>	<p>(see attached SIP Progress report narrative page 2 highlighted section, Proposed qualitative study handout dated 3/25/2019 & graphs of the 10 year review of S2-Recurrence of Maltreatment)</p> <ul style="list-style-type: none"> ▪ Stephanie L. provided an overview and suggested we do a qualitative review of looking at the interventions. Does our community have the resources available to meet their needs and address concerns that impact of child abuse and neglect? ▪ Number of children impacted by recurrence of maltreatment has decreased over the past 10 years, however; the percentage of rate has not. This indicates that it is a systems practice. ▪ In order to know if the interventions worked, we would need to know if the services matched the concerns and/or issues presenting during the referral. ▪ Important to have a comparison ▪ CFT meetings have limited resource so we want to broaden our scope to see what other interventions affect Recurrence of Maltreatment. ▪ Majority of the children had recurrence of maltreatment within 6 months of the first substantiated allegation. ▪ Prevention CFT meetings are not mandated for the recommended ER referrals based on the previous case review recommendations.

SIP Outcome Area S2 Recurrence of Maltreatment- Workgroup Meeting Minutes

Discussion/ Action Items

<i>Agenda Item/Discussion</i>	<i>Minutes:</i>
-------------------------------	-----------------

	<p>Group discussion:</p> <ul style="list-style-type: none"> ▪ Concerns- providers witness child abuse and neglect and this impacts progress in treatment. Mandated reports are not getting calls from CPS as a collateral. Community partners are asking for help from CPS. Furthermore, the ongoing child abuse and neglect interferes other clients progress in services and treatment. There is no feedback loop from CPS to the provider/mandated reporter/collateral. ▪ Concerns- How is the service provider building relationship with the family for Differential Response referrals and was the joint visit done with fidelity? ▪ The group agreed that 140 referrals will be reviewed as indicated in the SIP Progress report. ▪ Next steps- CPS will meet together to revise the tool. Possible make it shorter. Have at least one community partner at the table to provide input. ▪ Next steps- At the next Stakeholder meeting in September, Stephanie L. will report out on those who had a CFT meeting and whether or not they had a recurrence of maltreatment.
<p>Follow up actions from last meeting 3/25/2019 (Tara Zielinski, Stephanie Biegler, Barbara Oleachea)</p> <ol style="list-style-type: none"> 1. PM Tara will reach out to Yvette for B&B trainings 2. Co-Chair, Stephanie B will reach out to Melanie Richard training on CFT meetings for B&B 3. Co-Chair, Verronda to reach out to Barbara O. for follow up with secondary training updates for March 2019
