Identify Top 5 Priorities to Recommend to County for FY 22-23 Budget

The committee and meeting participants reviewed data for the Children's Report Card and feedback from the community convenings to inform a discussion on priorities to recommend. The group crafted nine recommendations to send to all Children's Coalition and committee members for prioritization. Staff will collect results and include them in the 9/7/21 Executive Committee agenda packet. Executive Committee will confirm the results and staff will submit the recommended priorities to the County.
